Era - Product information

Era is a subtle, two tone polyester fabric containing stretch in both directions for ease of upholstery. The baby herringbone weave offers an understated contemporary texture while its coloring technique provides close up intrigue. The palette incorporates playful brights and sophisticated muted tones.

Era meets the ACT voluntary Performance Guidelines and is classified for Heavy Duty Upholstery.

*Camira recognizes that the number of Wyzenbeek double rubs do not reflect the actual wear performance of fabrics. This product is externally certified, details of which are on our website and available from our customer services team.

Multiple factors affect fabric durability and appearance retention, including end-user application and correct maintenance. Results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

Batch to batch variations in shade may occur within commercial tolerances. We reserve the right to alter technical specifications without notice. The Unregistered Design Rights and the Copyright in all designs are the exclusive property of Camira Fabrics Limited.
