Manhattan - Product information

Manhattan is a dobby weave fabric with a modern, geometric texture mimicking the architectural grid system within an urban cityscape. Made from 100% post-industrial recycled polyester, the fabric has in-built stretch for ease of upholstery. The bright, bold color palette follows the color blocking trend in fashion.

Manhattan meets the ACT voluntary Performance Guidelines and is classified for Heavy Duty Upholstery.

*Camira recognizes that the number of Wyzenbeek double rubs does not reflect the actual wear performance of fabrics. This product is externally certified, details of which are on our website and available from our customer services team.

Multiple factors affect fabric durability and appearance retention, including end-user application and correct maintenance. Results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

Batch to batch variations in shade may occur within commercial tolerances. We reserve the right to alter technical specifications without notice. The Unregistered Design Rights and the Copyright in all designs are the exclusive property of Camira Fabrics Limited.
