RAPID RESPONSE

COVID-19

H A R B O R S C R E E N S

25% of profits from COVID-19 Rapid Response Products will be donated to Heart of West Michigan United Way Coronavirus Response Fund.
Applies to shipments through 9.30.2020

Low investment, high confidence. Harbor Screens offer an immediate solution for safe, healthy workspaces. Sturdy, quick-install, personal workspace protection is here. Screens help your team feel secure, by reducing workspace exposure now.

Surprising to many, cardboard is a highly effective surface when fighting Covid-19 as the virus decays in 24 hours ([Source](#)). Harbor's multi-dimensional panels protect each team member by surrounding the work area to block potential airborne particulate.

Details

- A heavy-duty, multi-ply, double-wall corrugated cardboard construction with structurally enhanced skin material.
- Includes a 4" roof design in the rear to contain particulates.
- Ships in 24 hours.
- Thickness of Harbor screens is 1/4".
- Quick Install. Folds into Place. No tools or fasteners required to construct screen.
- Double-stick tape is used to secure screen to surface. Available by the roll.
- Constructed of a heavy-duty, multi-ply, double-wall corrugated cardboard with structurally enhance skin material.
- Cardboard Harbor screens may be cleaned with a disinfectant wipe or light spray. Too much spray or a heavy liquid would not work.
- Ships flat and easily assembled.
- Includes a 1.5 x 3" perforated knockout that user may remove for cords and/or monitor arms.
