

## ME!

### Multi-Purpose Chairs

Typically ships in 48 hours

The Me! collection offers the ultimate scalability with two task chair models, a 4-leg guest chair, and a mobile nesting chair. If consistent aesthetic is important to your customer, Me! is the right place to start.

The Me! Nesting chair is perfect for training spaces and multi-purpose rooms. With a height-adjustable ratchet back and a waterfall style upholstered seat, the Me! nesting chair provides all-day comfort.

The Me! Guest chairs are a great compliment for private offices, lobbies, and general reception areas. Finished undersurface seat cover allows the chair to stack up to 4 high without creating significant imprints on the seats underneath.
