OPERATING INSTRUCTIONS SUPREME POWER MODULE

Part number: PDSDTM

Before operating:

Please ensure that the total power rating of the devices you are charging is lower than the power rating of this unit. Unplug if power cord becomes hot. Avoid touching sockets and plugs with wet hands. Do not disassemble the product. Keep unit away from children, pets, water, and sources of heat.

Usage Instructions:

Connect the power base to a grounded (three-pronged) power outlet. Connect a USB cable to one of the smart outlets, or connect an AC adapter to a protected outlet, or place a Qi-certified device on the stand and allow it to touch the 'wireless charge' area of the power base.

User Advice:

This power base is not a toy. It must be situated on a flat, stable surface. It should also be placed in a location where it cannot be knocked over or present a hazard. The product is for indoor use only.

Technical Specifications:

- Item Number: PDSTM
- Protected Outlets: 2
- Smart USB outlets: 3
- USB Output: DC 5V 3.0A Max
- Wireless charging: DC 5V, 1A / 5W
- Power Rating: 125V~, 15A, 1875W, 50 / 60Hz
- Power Surge Protection: 300 Joules
- Power cord: 5 feet (1.5 meters)
- LED indicator: 'Ground ok'
