1) PARTS AND FASTENERS INCLUDED

- Base
- Top
- #10 x 1, ¼" Pan Head Phillips

2) TOOLS AND SUPPLIES REQUIRED

- Drill/Screwdriver
- Square Bit
- Level
3) ASSEMBLY: SINGLE SIDED EBENCH

Position the base on the top.

*Note: Make sure the top does not get damaged by laying it on a carpet or blanketed floor*

Secure the base to the top with the screws provided.

*Note: There may or may not be pilot holes provided in the top.*

Flip the table in the upright position.

*Note: Depending on the size of the table, 2+ persons is recommended.*
3) ASSEMBLY: SINGLE SIDED EBENCH CONT. 1

Rotate the glides as needed to achieve a level top surface.

Rotate the turnbuckles ½ turn left or right to secure the tension in the table.

*Note: Do not overtighten as this causes unnecessary stress on the leg joints.*

Enjoy!
