M8-1.25 x 55mm  
QTY: 2

### 2) TOOLS AND SUPPLIES REQUIRED

Drill/Driver

5mm Hex Bit

#2 Phillips Bit  
(#2 Square Bit Optional)

# ENWORK

## INSTALLATION GUIDE

### 3) ASSEMBLY

FIGURE 1

- Locate Leg Column, Frame and M8 x 70mm and M8 x 55mm Flat head bolts included in the hardware pack.

FIGURE 2

- Slide the beam of the Frame onto the Leg Column.
- Line up the clearance holes in the beam with the tapped holes in the Leg Column.
- Connect the legs to the frame using the M8 x 70mm and M8 x 55mm Flat head bolts. Verify that the M8 x 70mm bolt is used on the hole closest to the end of the beam.
- Repeat for the second leg.

FIGURE 3

- Lay the Worksurface face down on a non-marring surface.
- Place the Frame and Leg Assembly on the Worksurface, locating it evenly spaced from the all sides of the table.
- Line up the holes in the Frame Assembly with the pre-drilled holes in the worksurface and attach using the included wood screws.
- Insert the included Cap Covers into the holes in the Frame Assembly to cover the screws.

### 4) COMPLETED TABLE

FIGURE 4

- Ensuring that the casters are locked, flip the table into the upright position.
- Using two hands, grab the release handle and verify that the flip mechanism functions properly.
