1) PARTS AND FASTENERS INCLUDED

- Screen Panel
- #10 Self Drilling Screws
- PNM-1954 Bracket
- Binding Bolt Pair

2) TOOLS AND SUPPLIES REQUIRED

- 2x Phillips Screwdrivers
- Drill/Screwdriver
- Phillips Driver Bit
3) ASSEMBLY:

Sandwich the Acrylic or Acoustic Panel Screen between the Brackets by aligning the holes in the brackets and screens. Attach them all together with the Binding Bolt pair.

Figure 1

Place the assembly in its location and use the #10 Self Drilling Screws to firmly attach the screen assembly to your surface in the desired location.
